

## Job Description

<b>Job Title:</b>	Graduate Software Developer
<b>Reporting To:</b>	Team Leader
<b>Purpose:</b>	To develop high quality, web-based software applications using the latest Internet and web technologies on behalf of ICONI Software.

ICONI Software delivers large scale programme management information systems to organisations in the Employability, Enterprise and Economic Development, Learning and skills and Health and Wellbeing sectors across the UK & Ireland. Our web-based software enables organisations to manage, track and report on all aspects of the support they provide to their clients. We are going through a period of growth and are very excited about expanding our development team.

We are seeking a Graduate Software Developer to contribute to our company's continued growth and the technical delivery of our web-based solutions. The successful candidate will have a strong passion for coding and problem solving and will contribute to the delivery of new solutions and also feature enhancements and maintenance of our existing Customer base by being involved in all stages of the development lifecycle.

### The Role:

- Design and Development of new Solutions, Change Controls and Product features.
- Contributing to the ongoing enhancements of our core platform/product
- Working closely with our team lead and conducting Technical Design sessions
- Regularly innovate and suggest new ideas for improvement
- Unit Testing against company standards to ensure high quality code is delivered
- Communicating with our customers regarding features, requirements or issues
- Regular use of multiple applications/technologies such as C#/SQL, Microsoft's Visual Studio, SQL Management Studio and the Azure platform
- Contribute to the wider business initiatives of ICONI Software
- Regular reporting to your Line Manager on performance and activities

- Providing technical assistance for the ICONI Support Team

## **Criteria:**

### **Required**

- Educated to Degree level or equivalent in a Computer Science related discipline
- High level of numeracy and literacy
- Enthusiastic and a willingness to learn new technologies and skills
- A keen interest in problem solving and the ability to work as part of a team
- Able to work flexible hours as required and be prepared to travel throughout the UK/Ireland

### **Desirable**

- Development experience in ASP.net, MS SQL, C#, JavaScript, JQuery, CSS, HTML
- Knowledge of Visual Studio and Team Foundation Server
- Working knowledge of Unit Testing frameworks
- Microsoft Certified
- Full Driving Licence

## **Benefits:**

- Competitive salary
- Laptop
- On the job training
- Monthly team activities (brown bag lunches, ideas sessions etc.)
- Rapid skills acceleration (SQL, C#, JQuery, database design)
- Free car parking facilities (limited spaces available daily)

**If you think this position is right for you, send your CV and cover letter to us by 5:30pm on Friday 30<sup>th</sup> June to [jobs@iconi.co.uk](mailto:jobs@iconi.co.uk)**

**We're looking forward to hearing from you!**
